

## Manual Reinforced Clutch Kit (02-01-0203) Precautions when installing (Some items cannot be installed) **How to distinguish with primary-driven gear**

### Attachable primary driven gear

### Primary driven gear that cannot be installed

\* If there is a primary driven gear that cannot be installed, it can be installed if you purchase a genuine Honda part number: 23110-086-030 primary driven gear separately.
